SuperVac UpdraftTM

2.0 Cubic Yard Parking Lot Sweeper

ΠΙΔΙΙΙΥ

Welded Hopper Assembly: No leaks

PERFORMANCE

16 Inch Diameter Gutter Broom: Gives operator ability to remove debris from curb line without the need for additional equipment or man hours

> Leaf Bleeder: Allows you to exhaust up to 80% of the air. This gives the ability to better adjust the airflow based on varying material conditions

Hardox Steel:

Eliminates the need for a fan coating, and creates a longer Life Expectancy equates to reduced cost of ownership

67" Dump Height: Can dump into a standard container without leaving the cab

No butt connectors, all soldered

Custom Made-to-Order

in Hydraulic System

Hydraulic Hoses: Reduces the

opportunity for contamination

connections: Increased uptime with the use of severe duty wiring that eliminates shorts caused by poor connections

Financing Available

The Schwarze SuperVac Updraft[™] is a single-engine, conventional cylinders to ensure easy unloading of even the heaviest debris. chassis mounted parking lot sweeper designed to provide a

cost-effective solution for sweeping operations. The SuperVac Debris is removed from the surface via the 81" width blast and Updraft[™] easily picks up all types of litter associated with parking suction pickup head. The direct drive 24" blower fan allows for lot maintenance. The 6'5" low profile unit easily accesses height variable adjustment for unmatched sweeping performance for restricted areas such as parking garages which are inaccessible to debris pickup and exceptional fuel efficiency for light-duty sweeping larger units. And the 67" high dump design features twin hydraulic situations. Come to the people you know, for the products you trust.

Parts Availability: Schwarze original equipment parts are available when you need them.

Trusted Dealers: Trusted dealers will support your before and after-purchase needs.

Empowered and Responsive: Schwarze People are valued for their commitment to our future.

Schwarze Products: Engineered for enhanced sweeping performance and low ownership cost.

PUBLIC SAFETY

Backup Alarm: Variable output backup alarm adjust automatically above the surrounding noise levels

VALUF

Sweeps-In-Reverse[™]: Eliminates the need for the operator to raise the sweeping head to reverse

Hydraulic Test Ports: reduces troubleshooting time

> Variable Displacement Piston **Pump:** Allows you to control the **RPMs & Lower Fuel Consumption**

Bolt On Intake Tube: Easily Replaceable without the need for Welding

CUSTOMER SUPPORT

Warranty Support: Schwarze people are on duty to support you and your equipment.

Schwarze regenerative air sweepers are guaranteed to be free from defects due to faulty materials and/or workmanship for a period of 12 months, or 1200 hours. Liability is limited to replacement of defective parts at factory or authorized dealer. The standard warranties of the chassis and sweeper engine manufacturer shall apply.
